

Uniloy North America Achieves ISO 9001:2015 Certification

January 16, 2025

Tecumseh, MI – Uniloy, Inc., a global leader in blow molding machines, mold technology, OEM parts, and expert service, is pleased to announce it has achieved ISO 9001:2015 compliance and certification. The company officially passed its final stage 2 audit on December 11, 2024.

ISO 9001:2015 certification is a globally recognized standard that demonstrates an organization's commitment to quality and meeting customer expectations. Within its Quality Management System (QMS), Uniloy promotes a shared vision of excellence and a focus on quality, continuous improvement, and delivering value to its customers.

"It's through the dedication and hard work of our entire North American team that we were able to achieve this momentous goal," stated Jimit Patel, Uniloy Quality Manager. "This accomplishment will have lasting, positive impacts on our quality and efficiency, allowing us to continue providing our customers with the highest level of service and solutions."
